

# Zone Program

## Welcome!

We provide a safe and inclusive environment for children to grow and learn new skills. We provide a range of exciting activities to enhance the unique abilities and talents of each child.

Please remember to dress for the weather, and activity type. Bring a bottle of water to every group, as well as a hat and sunscreen for any community-based activities.

Any Medication that is required to be administered during Zone will need to be presented in a Webster Pack. These can be provided by your local chemist. Without one we will not be able to assist with medication.

Your child's health and safety is our first priority. If your child has any cold or flu symptoms they will not be able to join the group until they are well again.

Please speak with Amber or your coordinator if you feel you require any extra support.

***The NDIA have made some changes in the way group-based activities can be billed as of the 1<sup>st</sup> of July 2022. We are working hard to ensure this will have little impact on participants and we hope to be able to ensure a smooth transition. We will talk with you about this in coming months.***

***We welcome any questions you may have so please feel free to contact your Planner or Amber Hunziker (Group Activities Coordinator).***
