

## Home Care Services Fee Schedule<sub>1</sub>

At Omnicare Alliance we support clients to maintain independence and maximise their lifestyle options. We offer obligation-free support to navigate the *My Aged Care* system. To us you're an individual, not a package level.

Our approach to care management puts you in control of your services. If you'd like social support, or have a diagnosis of dementia, we provide tailor-made services to help you live well in your own home. The WISER Approach is a unique Omnicare initiative to support clients and carers. It honours the individual by facilitating appropriate and purposeful engagement. This innovative program allows us to deliver meaningful support for holistic health, empowerment, reablement, and social connections. We're proud to offer unique and invaluable support, training, education and chat group opportunities so carers are equipped and prepared for challenges in their role.

We promote client choice and individual goals and have demonstrated success in enabling clients to live in their homes for longer. You can choose from the range of our internal services including meal delivery, home modifications and personal care, or choose your own provider. Pay for the services you want now, or plan ahead, without fear of hidden charges.

## Services<sup>2</sup>

Personalised care is embedded in our WISER philosophy and is designed to build on your skills and wellness. By providing basic guidance and support with care and compassion, we aim always to deliver high quality service. If you require mobility aids at home, home renovations, general yard upkeep, or a regular meal delivery service, our skilled case managers will help you to manage any changes in support needs, and to coordinate your supports effectively. Our accommodating care planners can guide you to engage in care at your home, or at one of our beautifully appointed day-respite centres located across the Hastings, Macleay and Camden Haven areas.
